Wiggins twice again, but without ef-  
fect. Nearly all the furniture in the  
room was wrecked and even the walls  
all around were spattered with Wig-  
gins' blood. The intruder pounded  
him in the head with his pistol, us-  
ing both hands, and his head was  
badly battered. During the struggle  
Wiggins, who was unarmed, got on  
top at one time.  
He thinks that the struggle lasted  
fifteen minutes. Finally he ran from  
the house and the intruder shot at  
him once while he was fleeing. The  
two men were the only persons in  
the house, Wiggins family being on  
a visit to Columbus.  
At a mass-meeting at Butler yester-  
day \$271 was subscribed as a reward  
for the capture of the man. He was  
a stranger to Wiggins.

## MOB USED KNIVES AND GUNS ON NEGRO

MAN LYNCHED NEAR JACKSON-  
VILLE SATURDAY NIGHT.

Negro Had Made Criminal Assault  
Upon White Woman, Who Ident-  
fied Him When Captured.

JACKSONVILLE, Fla., May 10.—  
Mrs. John Deas, wife of a well-known  
farmer residing at Camden, fifteen  
miles from Jacksonville, was crim-  
inally assaulted early Saturday night  
by an unknown negro, who was later  
captured by a crowd of citizens and  
lynched.

Mrs. Deas was driving her cows  
home late in the afternoon when the  
negro sprang upon her, forced her to  
the ground and accomplished his pur-  
pose. Mrs. Deas' screams attracted  
the attention of her son, who came  
to her rescue, but the negro had made  
his escape from the scene.

The Duval county sheriff was not-  
ified, but when he reached the scene  
the pursuers had captured the ne-  
gro. Mrs. Deas had identified him and  
his throat had been cut from ear to  
ear and his body riddled with bul-  
lets. The sheriff could gain no in-  
formation as to the identity of the  
negro's pursuers and no one seems to  
know the negro, stating that he was  
a stranger. The body was brought  
to Jacksonville.

guilty. Former similar indictment  
not prossed.

State vs. George Powers, assault  
with intent to rape. Plead not guilty.

State vs. Lewis Martin, Cronin Mar-  
tin and George Powers, rape. Plead  
not guilty.

### Davidson and Kelley.

The case of the State vs. D. M.  
Davidson and J. M. Kelley, charged  
with the murder of W. C. Sellars, was  
introduced, when State Attorney Riv-  
ers announced ready. Attorney Strip-  
ling, for the defense, asked for in-  
formation as to whether all the State  
witnesses were present, to which At-  
torney Rivers replied that all were  
present except one.

As a number of witnesses for the  
defense were absent, several attach-  
ments were issued, and the case was  
continued until 9 o'clock Tuesday  
morning.

In the case of the State vs. Isiah  
Stephens and Lou Stephens, selling  
liquor, defendants failed to respond  
to their names and bond estreated.

### Trapp Plead Manslaughter.

Chas. Trapp, colored, indicted for  
murder in the first degree, was ar-  
raigned and entered a plea of man-  
slaughter.

John Hurd, indicted for receiving  
stolen goods, was arraigned, and  
plead guilty, when the court assess-  
ed a fine of \$10 and costs or sixty  
days in jail.

Court adjourned until 9 o'clock  
Tuesday morning.

### Baseball Game Thursday.

Next Thursday at 4 o'clock the  
Oak Hall team, under the manage-  
ment of Pat Graham, will cross bats  
with the University nine.

Two games have been played be-  
tween these teams, each having a  
game to their credit, and this, the  
third game, is promised to be a good  
one.

The Oak Halls will be strengthened  
by their new catcher, Hartsfield, and  
this will give the Gainesville public  
a chance to see the new man behind  
the bat. Mitchell and Denton will  
also be in the line-up.

The proceeds of the game will go  
to the University Athletic Associa-  
tion.

## SPEAKER ORDERS ARREST OF HILBURN OF PUTNAM

Trouble Arose Over Putting of Motion Concerning  
Beard's Disfranchisement Measure.

Special to The Sun.

TALLAHASSEE, May 10.—Quite a  
sensation was created in the House  
this morning by Speaker Farris order-  
ing the sergeant-at-arms to arrest  
Representative Hilburn, of Putnam.

The trouble was precipitated by  
Mr. MacWilliams, Representative  
from St. Johns, moving to postpone  
action to reconsider vote by which  
Senator Beard's suffrage amendment  
failed to pass the House last Satur-  
day until the 19th inst.

Mr. Hilburn moved, he claimed, to  
lay MacWilliams' motion on the ta-  
ble. The Speaker put MacWilliams'  
motion and Hilburn said it was not  
in order; that motion to table was  
the motion in order.

The Speaker then said no motion  
to table had been made. Hilburn re-

plied that it had, when the Speaker  
ordered Mr. Hilburn to take his seat.  
The latter said he would not do so,  
whereupon the Speaker ordered Hil-  
burn's arrest.

On resolution introduced by Mr.  
MacWilliams this afternoon, MacWill-  
iams, Knowles and Davis were ap-  
pointed a committee to investigate  
whether or not the Speaker had au-  
thority to order the arrest of Mr. Hil-  
burn.

The House spent nearly the entire  
afternoon in considering a gopher  
bill applicable only to West Florida,  
which passed to third reading.

The Senate considered only local  
bills today, the Newberry charter  
and Carter's bill prohibiting shipping  
of fresh water fish out of Alachua  
county being among those passed.

### MR. BROOKER ON PENSIONS.

Comments on Resolutions by Marion  
Camp No. 56, U. C. V.

Editor Sun: I see in The Times-  
Union of April 30th, 1909, a set of  
resolutions sent up to Tallahassee  
from Marion Camp No. 56, U. C. V.,  
requesting a change in our pension  
law. Their reason given is that the  
present levy of four mills is inade-  
quate to pay us old fellows and our  
widows at the present rate, therefore  
they suggest a reduction to one hun-  
dred dollars per annum of all pen-  
sions. Next is a suggestion that  
there be inspectors appointed whose  
duty it shall be to swear us and  
make us prove our service, which  
we had to do before we ever got a  
pension.

Mind you, now, that same resolu-  
tion provides that the inspectors get  
their pay for their services out of  
the already depleted pension fund.  
That being the case, would it not  
be a very easy matter for those in-  
spectors, finding a man out of the  
Soldier's Home and with a little prop-  
erty, to report him unworthy of a  
pension, so that the present levy of  
four mills would be sufficient to give  
a few paupers \$100 per annum and  
leave a good balance to pay the in-  
spectors with? Holy Moses!

Now, Mr. Editor, I cannot believe  
that those resolutions were formu-

lated by men who served through  
the war on the firing line. I think  
Camp No. 56 must be made up of  
home guards, younger men who would  
like to have the office of inspector.  
Then I think all the old veterans have  
read the last pension act to know  
how it reads, but Camp No. 56, in its  
haste to create some more offices,  
forgot to examine that act and find  
out what it says. Section 7 of that  
act gives our county boards the right  
and makes it incumbent upon them  
to perform the duty resolved by  
Camp No. 56 for those inspectors to  
perform.

I cannot think for a moment that  
the young manhood of our great  
State will suffer what few of us real  
veterans there are to go to the Sol-  
diers' Home for the sake of filling use-  
less offices.

I wish to say, in conclusion, if ev-  
ery county in the State is as solid at  
Tallahassee as old Alachua, with the  
Honorable Senator McCreary and  
Representatives Carter and Doke,  
what few veterans there are now liv-  
ing need not have any fear.

Yours very truly,

S. E. BROOKER.

## Both Houses Legislature Facing Heavy Calendars

TALLAHASSEE, May 10.—With  
over half the session gone, the Flor-  
ida Legislature today faces a big cal-  
endar and there is a great deal to be  
done yet.

The biggest issues, prohibition and  
disfranchisement, have been settled  
already, so far as the Legislature is  
concerned, but there are many other  
matters of great importance to the  
State still to be disposed of.

The most important matter that  
will face the two houses this week  
are the school-book bill and the anti-  
race track gambling bills.

The McCreary county uniformity  
bill is before the Senate and a simi-  
lar measure, by Mr. Doke, is before  
the House and it is expected that  
each will come up for consideration  
in a week.

Senator McCreary stated yesterday  
that he feels confident of favorable  
action upon his bill. He believes that  
the adoption will mean a saving of at

least one-third to school book pur-  
chasers in Florida.

The Light and Alexander franchise  
tax bills are still matters of consid-  
erable discussion. It is believed that  
sentiment is growing against them  
and that no such bill will be adopted  
by the present Legislature.

It is absolutely certain that the  
West bill in the Senate, providing  
for tax on the gross receipts of all  
incorporated companies in Florida,  
will be killed by that body.

Several night sessions will be held  
by the House this week for the pur-  
pose of disposing of local bills and  
in order to make better progress the  
Senate will hold three or four after-  
noon sessions.

From now on every week will be  
a busier one, for the session is fly-  
ing toward its close.

In the Senate on Saturday Senate  
Bill No. 356, by Mr. McCreary, organ-  
izing the City of Newberry, was pass-  
ed to third reading.

## MISTAKEN FOR BURG- LAR MAN SHOT DEAD

JACKSONVILLE, May 10.—At a late hour last night Robert Aldrich, a well-known citizen, was shot and killed by J. G. Cross, superintendent of the Florida White Pressed Brick Works, who mistook him for a burglar.

Aldrich, who had been out fishing, was returning home when darkness overtook him and he became lost. After wandering about for some time he went to Cross' home and the latter, mistaking his mission, shot him three times, causing instant death.

Palmetto avenue, on Sunday. The occasion was a pleasant one indeed, broken only by the departure of Rev. Mattox and wife who left yesterday for their new field of labor at Massena, N. Y., where Rev. Mattox has accepted a call to a church of his denomination.

If you expect to get the original Carbolyzed Witch Hazel Salve, you must be sure it is DeWitt's Carbolyzed Witch Hazel Salve. It is good for cuts, burns and bruises, and is especially good for piles. Refuse substitutes. Sold by all druggists.

## S.S.S. PURELY VEGETABLE

The absolute vegetable purity of S. S. S. has always been one of its strongest points in its favor, and is one of the principal reasons why it is the most widely known and universally used of all blood medicines. A great many of the so-called blood purifiers are really nothing more than strong mineral mixtures which act so unpleasantly and dangerously on the delicate membranes and tissues of the stomach and bowels, that even if such treatment purified the blood, the condition in which the digestive system is left would often be more damaging to the health than the original trouble. Not so with S. S. S.—it is the greatest of all blood purifiers, and at the same time is an absolutely safe and harmless remedy. It is made entirely of the healing and cleansing extracts and juices of roots, herbs and barks, each of which is in daily use in some form by physicians in their practice. Years of work and research have proven S. S. S. to contain everything necessary to purify the blood and at the same time supply the system with the purest and best tonic effects. S. S. S. cures Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases, Scrofula, Contagious Blood Poison and all other blood troubles, and it leaves the system in perfect condition when it has purified the blood. Book containing much valuable information on the blood and any medical advice desired sent free to all who write.

## MRS. BOYLE THREAT- ENS TO COMMIT SUICIDE

PREFERS DEATH RATHER THAN  
GO TO PENITENTIARY.

Boyle Wants to Tell a Story Imple-  
cating a Third Party in the  
Kidnapping.

MEADITH Pa. May 10.—(Pa. Press.)—The plans are changed for the abduction of his wife Helen Anna (nee) Boyle, who will be sentenced by Judge Wilkes in the Mercer county court today.

Previous to the sentencing, Attorney Miller and Stratton, it is said, will ask for new trials, but it is expected the court will accept the motions.

The probability is that Boyle will make a scene when the sentence is announced. It is certain that if permitted Boyle will again attempt to tell a sensational story implicating a third party in the kidnapping. Mrs. Boyle asserts she will have nothing to say when sentenced. She says:

"Jimmy has something to say and ought not to be gagged. I will not say anything, but Jimmy will and I will aid him.

"Seriously, I want to tell you there is going to be a double suicide. I will not spend much time in the penitentiary. I have made all arrangements. Jimmy will do the same.

"Do you think I am going to the penitentiary for many years? No, sir. When my sentence would expire I would be an old woman. I would have no friends and no money. Who wants anything to do with an old woman? I would rather die young.

"This is my twenty-third birthday, and am I not in a very poor position to celebrate the event? I am innocent of crime, however, and maybe God in his goodness will yet allow me to spend many anniversaries. But yet there is the shadow of the penitentiary and the remedy—suicide. Do you see that writing pad over there? In that I will soon write my last message."

Regarding the kidnapping she says: "I wish the penalty for kidnapping were death. Innocent as I am, I would plead guilty if I were sure of being put to death."

Following the sentencing of the ab-

ductors they will probably be taken as soon as possible to the penitentiary. It is believed an appeal to the supreme court of Pennsylvania will be taken in the woman's case. However, she maintains that when she realizes her case is hopeless, she will take her life.

District Attorney Lininger, of Mercer county, visited Boyle and his wife in the jail late yesterday for the purpose of obtaining further details of the sensational story which Boyle has been attempting to make public. According to Boyle, the third party implicated in the abduction of Willie Whitley, who Boyle says is a prominent Mercer county man, is also, he alleges, connected with the death of a man at Youngstown, O., fourteen years ago. District Attorney Lininger had read of the story and for this reason made a special visit to the abductors yesterday in an endeavor to get possession of all of the information possible in regard to the murder and alleged implication in the child-stealing, but Boyle refused to take the official into his confidence.

Mrs. Boyle last night expressed the belief that she would get about fifteen years and her husband about twenty-five.

### The Grigard

The word "grigard" is derived from a portion of the armor worn by grigardiers, English and foreign, and is called the "grigardine". This consisted of an apron of leather plated over, scale fashion, with thin pieces of steel. From the irregularities of the light armor men who wore these defenses the name of grigard became in course of time infamous.

### NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the burrowed-up cuticle of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Herpicide kills this dandruff germ, and restores the hair to its natural softness and abundance.

Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market to-day.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

# PASSAGE OF PAYNE BILL PRACTICALLY CERTAIN

As a Result of Measure Democrats Have Good  
Chance of Winning Congressional Elections.

WASHINGTON, May 10.—That Congress will pass the objectionable tariff bill practically as it stands today is a moral certainty.

That President Taft will sign the measure—perhaps expressing dissatisfaction with some features of it, but with the explanation that the business interests of the country will be best served by his action—is also as much of a moral certainty in the opinion of the writer as anything political can be.

But what about the Republican insurgents? Some of them have declared the bill is a monstrous swindle, inasmuch as it will have the effect of increasing the tax on the things the mass of people must wear and eat. Will they aid and abet the perpetrating of this "swindle" by voting for the passage of the bill? On their action depends the success or failure of the Payne bill.

The following remark by Senator Cummins of Iowa, made during his recent tariff speech, is considered by many to be a key to the situation as it effects the probable action of insurgents when it comes to voting:

"I could vote for the pending bill because I consider it an improvement over the Dingley law, but not because it fulfills the promise of the Republican party or is a proper measure of relief."

Aldrich will win by the narrowest of margins, in all probability. It is within the realms of possibility that he could lose out, but it is improbable. Senators are growling and showing their hostility because of the steam-roller tactics of Senator Aldrich, but they will obey the crack of the whip when it comes to a final vote.

The Republicans cannot desert Aldrich without disrupting the Republican party, and rather than pay that price they will surrender to the powers that regulate the legislation passed under Aldrich's guidance. These powers are the trusts and monopolies that have grown fabulously rich under the Republican party's high protection wall.

President Taft, in the opinion of the writer, will sign the bill for the same reason the Senators will vote for it. If he signs it it is likely that he will take the position the un-

ited business conditions of the country justified it; that the Payne bill following its "improvement" to the Senate, is an improvement over the Dingley law.

There doesn't seem to be any escape for the public. Although the South and West has repeatedly expressed its disapproval of the pending bill, the plan for improvement fell on deaf ears.

The greedy corporations, not satisfied with a tariff law that increased the cost of necessities 47.4 per cent in the last 10 years, want to press their advantage of controlling the law-making machinery of the Government, a little further. And once more they are going to have their way.

But indications reaching Washington in the form of protests and memorials bearing the signatures of hundreds of thousands of voters, go to show that the advantage gained through the Payne bill will not be held long.

Political experts agree that when the public is given an opportunity to vote on revision downward or revision upward, as it will be given the opportunity to do in the Congressional elections next summer, the benefits gained by the special interests through the Payne bill will be reversed. In other words men will be sent to Congress pledged to undo the work of the Aldrich gang, both as to the lifting of a portion of the heavy burdens placed on the consumer through high protective tariffs, and the reduction of the Government's annual \$100,000,000 deficit.

In the long run it will undoubtedly prove a good thing for the average American citizen if the Aldrich bill becomes a law as it now stands, according to the opinion of many. The viciousness of the system has been impressed in a clear-cut manner upon public sentiment, as a result of the educational influences of the many speeches delivered on the floor of Congress.

The Republican insurgents have aided the Democrats in this work, the expose of the woolen schedules by Senator Dilliver and of the steel and iron schedules by Senator Cummins ranking with the best Democratic speeches of the session.

## Joy of a Yawn.

When life seems more than usually insipid—and such moments do come to even the most hopeful of us—there is a sudden pleasant sympathy in the yawn of the terrier on the rug before the fire. "Ah, you, too, find things a little boring, old fellow!" we say to ourselves. A dog yawns nobly, making no attempt at disguising it with politely uplifted paw. All animals seem to enjoy a yawn except man. We once saw the late lamented hippopotamus at the zoo lift himself slowly from his murky pond and yawn. It was a great spectacle, tremendous, Homeric. The concentrated boredom of the whole creation seemed expressed in that gigantic gasp. For a few fascinated moments pond, shed, railings, people, all seemed merged in one colossal mouth. It was wonderful. Oh, we thought as we came away, to be able to yawn like that when life becomes too silly!—Pall Mall Gazette.

## Get Out of Doors.

Trudeau's classic experiment points us in the right direction. After inoculating a number of rabbits with tuberculosis he confined a number of them indoors and turned the others outdoors. The latter all recovered, while the former all died. This experiment shows that a rabbit living upon its natural food and under a natural environment is proof against tuberculosis. There is abundant reason to believe this equally true of man. In other words, tuberculosis is not a necessary evil of human life, but is a natural consequence of erroneous habits and departure from natural conditions. Man is naturally an outdoor animal. A mole lives a healthy life in a burrow. A man must live in the fresh air and the sunshine. Medical Record.

## The Long Distance System

One of the most valuable features of our service, to our subscribers and to the public generally, is our connection with the extensive long distance lines of the American Telephone and Telegraph Company and the other associated Bell Telephone companies.

We own thousands of miles of long distance lines in the seven States in which we operate and in addition can connect any telephone in our system with lines extending to any other city in which a Bell Telephone system is operated.

These long distance lines are of the most modern and improved construction and are maintained at a high state of efficiency. The Bell systems,

operating in various sections of the country, are uniform in their equipment and in their methods of operating.

Only by reason of this close traffic arrangement between the Bell Telephone companies is it possible to go to a Bell Telephone almost anywhere, ask for "Long Distance" and be put in communication with almost any point in the country.

This vast network of wires, radiating throughout the nation, is used daily in commerce and for social purposes by the banker, the farmer and citizens in all walks of life and our plant here is an important link in this great chain.
